SIR,

Subject: Revised estimate for Rs.21,000/- for forming a layout of 37 sites to the west of Navajyothi Studios, at Saraswathipuram, Mysore.

Adverting to G.O.No.L.7918-21/ITB.8-54-16 dated 30-8-1954 sanctioning an estimate for Rs.17,000/- for the above work, I write to forward herewith the revised estimate for Rs.21,000/- as approved by the Board at its meeting held on 28-12-1955, vide resolution No. 319 and to state as follows:-

In the original estimate, a provision of Rs.1600/- only was made towards acquisition charges. But the cost of the acquisition of survey lands has been enhanced to Rs.5035/- against the provision in the original estimate, on account of the slight increase in the extent of land and the rate of compensation per acre. Due to this main reason, the estimate has been revised, there being no excess in the work portion where the excess and savings are self-balancing. The rates provided in the estimate are as per tendered rates and schedule of rates have been adopted for non-tendered items.

Under the above circumstances, I request you kindly to obtain and communicate the sanction of Government to the revised estimate, at a very early date, as this is a self-supporting scheme which could be seen from the enclosed statement. The original estimate is also enclosed herewith for reference of Government, cancellation and retransmission.

Yours faithfully,

S.Linganna. 13/1

(S.Linganna)
Chairman.

DVS)

City Improvement Trust Board

MYSORE.

Dated.....195

Report to accompany the revised estimate for further formation of 37 sites to the west of Navajyothi studios in Saraswathipuram, Mysore.

Amount of revised estimate: Rs.21,000/- Original Est: 17,000/-

---

The original estimate for further formation of 37 sites to the west of Navajyothi studios, for completing the layout at the western side was sanctioned for Rs.17,000/- in G.O.No. L.7918-21/ITB.8-54-16 dated 30-8-1954. The work is under progress

Now the above estimate is revised to Rs.21,000/- against the sanctioned estimate of Rs.17,000/- The main reason for revising the estimate is due to the increase in cost of acquisition of survey lands for Rs.5035/- as against a provision of Rs.1600/- in the sanctioned estimate. The extra cost of Rs.3435/- incurred towards acquisition charges is included in the revised estimate.

All amenities such as formation of new roads, construction of masonry cross drains, creating dry belt of 20 Ft. width to the west of the last row of sites, providing a check drain to the west of the sites for demarcating boundaries, laying underground drainage lines, water supply mains and acquisition charges etc., are included in the revised estimate for completing the layout, as shown in the accompanying site plan and comparative statement etc.

The total expected realisation from the sale of 37 sites of 9818 syds., at Rs.3/- per syd, comes to Rs.29,454/- against the revised cost of Rs.21,000/-, leaving a net profit of Rs.8454/- as shown on the accompanying statement. Hence this will be a self-supporting scheme.

The rates provided in the revised estimate are as per accepted tender rates and current schedule rates for non-te items.

T.K.Rajarathnam

Trust Board Engineer

City Improvement Trust Board, Mysore.

OFFICE NOTE.

Sub:- Revised Estimate for Forming a layout of 37 sites to the west of Navajyothi Studios at Saraswathipuram, Mysore.

The revised estimate is scrutinised for Rs.21,000/- subject to the following observations:-

The quantities in respect of road crossings are checked only arithmetically as the relevant drawings are not made available.

The tender rates provided for in the estimate are verified with reference to the copy of the tender rate list made available. With regard to the other items, it is stated that the rates provided for are the current schedule rates. They cannot be verified as a copy of the sanctioned schedule of rates for 1955-56 has not been forwarded to this office. Hence, the rates are retained as such.

The estimate does not provide for the cost of tools and plant & establishment charges. This has to be taken into account when calculating the net percentage return on the capital invested.
